

Despite a growing number of payment options, consumers still rely on cash and for many people it is their preferred payment method. Direct deposit and paycards further the need for quick and easy access to cash.

Cash@Work is your Zero Risk, No Hassle, Turnkey ATM Placement Solution

Your Brand

Sharenet's Cash@Work program increases your brand reach and recognition through customized partnerships with local employers to place on-site ATMs right where your cardholders work. Provide your account holders with surcharge-free access while growing exposure to a wide range of ATM users within your footprint.

Your Cardholders

Encouraging workers to stay on-premise through easy cash and account access, is good for the employer and employee. The Cash@Work program helps cardholders:

- Avoid lunchtime, break and commuter delays by avoiding traveling to an ATM outside of the workplace.
- Increase safety through use of monitored, indoor machines within the employee's location.
- Discover more options available from your financial institution and learn more about financial wellness through your institution's programs.

Cash@Work

More Than Just an ATM, A Powerful Marketing Tool

- **Featuring the New Paramount DMS Media Topper** that will allow you to display customized rotating ads to promote your products and services, as well as location specific in-house messaging. Remotely managed, the topper can display messages in full motion video as well as still images.
- **Financial Institution Quality ATM with a 15" Monitor.**
- **Up to Six Customized Rotating ATM Screens** that deliver messages directly to employees working for local businesses.
- **Customized ATM Wrap** to promote your financial institution's brand.
- **Totally Hands Off Management** of the ATM. No cash loading, monitoring, maintenance, keeping up with compliance or being responsible for upgrades.
- **Affordable Program** that expands your brand reach that promote recognition, convenience and safety to potential new account holders.

Sharenet. Your ATM Partner.

Whether you are looking for a reliable ATM partner to place ATMs in businesses, manage your branch and off-premise ATMs or a complete outsourcing solution that will allow you to take your ATM fleet completely off your books, Sharenet has the right program for you.

Sharenet leverages our buying power and portfolio of thousands of ATMs to save you money, and provide faster and better service. We can help you expand your offerings with interactive teller machines to deposit taking branch terminals, to off-site cash dispensers from a variety of brands including Diebold, Hyosung and NCR.

With Sharenet's compliance guarantee and proprietary ATM reconciliations system, you'll always stay compliant and enjoy automated ATM reconciliation – including an audit trail and tracking system.

- 75% of consumers use an ATM every day
- 50% of purchases under \$25 & 60% under \$10 are in cash
- Millennials use cash and ATMs more than any other group
- Cash remains the most popular form of payment
